motion, is that correct, Senator?

PRESIDENT: That's correct.

SENATOR STAHMER: Well, I would object to the substitution. I think the formula's too low.

PRESIDENT: All right, then we'll move. Senator Warner has the floor...Senator Warner.

SENATOR WARNER: I suggest, Senator Stahmer, if you want to amend the 2½% or \$2.50 to some other figure, that certainly would be open once the amendment is under discussion.

PRESIDENT: Well, Senator Stahmer.

SENATOR STAHMER: Why don't you just withdraw your motion, let's get to the bill and then start.

PRESIDENT: Senator Warner. Senator Warner is asking unanimous consent to withdraw his motion. Are there objections to withdrawing the motion and substituting the other one? We have an objection. All right, the motion is to withdraw the Warner amendment and that amendment is withdrawn. Now then, what do we do about Senator Warner's motion on his amendment? The pending one, it takes its place in line, is that the Chair's understanding? Now, Senator Maresh.

SENATOR MARESH: Senator Maresh, a question of the Chair? What happened to the motion that was before the Body that I says I wish to pursue?

PRESIDENT: He has withdrawn on his motion.

SENATOR MARESH: I say my motion.

PRESIDENT: Your motion is now before the Body. Now then, Senator Maresh, let's have you restate your motion and let's have it re-read it here so we know what we're going to do here. Now, just a minute, Senator Chambers, do you have a question?

SENATOR CHAMBERS: Mr. President, just trying to get some understanding on priorities. When was Senator Maresh's motion to suspend the rules placed on the desk? How long ago?

PRESIDENT: It was the Chair's understanding it was placed there this morning. All right, I don't....the Chair does not know.

SENATOR CHAMBERS: Before any other motions on LB632? Because I have one on LB632 also and when that bill is put out on the floor, it becomes collective property of the Body. And I can understand Senator Maresh's concern. But if my motion was up there prior to his, I want the opportunity to consider it.

PRESIDENT: His motion....Senator Chambers. His motion is to suspend the rules and it relates to all the other motions so we couldn't really....it has to be placed ahead of those because of its nature of suspending the rules. In other words, it relates to all of the other motions and the question is either, you know, vote it up or down. Senator Chambers.

SENATOR CHAMBERS: Then since I was....well no....I...you granted me the floor on dispensation so I won't comment at this
